

## NEWS RELEASE

### SHANXI GUANGSHENG MEDICINAL CAPSULE CO., LTD SITE RECEIVES EXCiPACT GMP CERTIFICATION AS PHARMACEUTICAL EXCIPIENT SUPPLIERS

*Brussels, 16 May 2017*

EXCiPACT asbl is delighted to announce that the **Shanxi Guangsheng Medicinal Capsule Co., Ltd's Shanxi Province site** has recently been awarded an EXCiPACT Certificate from BV China, one of EXCiPACT's internationally-recognised Certification Bodies.

The Certificate demonstrates that the **Shanxi Guangsheng Medicinal Capsule Co., Ltd site in Jinzhong City, Shanxi Province, China**, manufactures pharmaceutical excipients according to the EXCiPACT Good Manufacturing Practice (GMP) Certification Standard. Its scope covers manufacture of Gelatin, Pullulan and HPMC printed and unprinted empty capsule for pharmaceutical use. For full details of all sites that have been EXCiPACT certified to date in **15 Countries** (Canada, China, Belgium, France, Germany, Japan, The Netherlands, India, Israel, Saudi Arabia, Singapore, Spain, Switzerland, UK and USA), see <http://www.excipact.org/certification/certificates/>

Both BV China and their auditors had to undergo a rigorous assessment process in order to be EXCiPACT Registered. This required the successful completion of the EXCiPACT Training Programme and post-course examination followed by an independently witnessed audit to verify that their competency was to the required standard. BV China also had to have their auditor's report verified by an independent certification board prior to issuing the certificate.

EU and U.S. pharmaceutical regulations require drug manufacturers to conduct either their own or commission 3<sup>rd</sup> party physical audits of all their starting material suppliers to demonstrate GMP and/or GDP compliance thus increasing the audit burden. Using GMP and GDP standards designed for excipients, the independent, high quality 3<sup>rd</sup> Party EXCiPACT Certification Scheme is already helping excipient users and suppliers to reduce their audit burden, save costs and assure quality.

#### Notes for the Editor

EXCiPACT asbl provides management oversight for a high quality, voluntary international EXCiPACT Certification Scheme that provides for independent 3<sup>rd</sup> party GMP and/or GDP certification of manufacturers, suppliers and distributors of pharmaceutical excipients worldwide. The Scheme will ensure patient safety through supplier quality while minimising the overall costs for assessing the excipient supply chain. It has been operational since early 2013 since when there has been considerable interest among pharmaceutical excipient suppliers, customers and regulators.
